CONFERENCE DESCRIPTION

Our **22nd Annual Winter Conference on Clinical Issues in OB/GYN** has been designed for physicians, certified nurse midwives, nurse practitioners, PAs, nurses, and other healthcare professionals who face ever-increasing challenges in the clinical diagnoses, treatment options, and new technologies involved in caring for the female patient. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **22nd Annual Winter Conference on Clinical Issues in OB/GYN** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of St. Maarten.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Screen pregnant patients for substance abuse during pregnancy
- Recognize sonographic features of congenital Zika syndrome
- Recommend pharmacologic approaches to polycystic ovarian syndrome based on present evidence
- Effectively diagnose and treat interstitial cystitis in the office setting
- Describe an optimal management strategy for the fetus with intrauterine growth restriction

CONFERENCE LOCATION

St. Maarten is one of the most magnificent Caribbean islands. It is surrounded by beautiful blue water and white sand beaches, making it the perfect tropical getaway, and with its blend of French, Dutch, and Caribbean influences, this paradise island holds endless possibilities for adventures on both land and sea.

The smallest island in the world ever to have been partitioned between two different nations, Saint-Martin/Saint Maarten has been shared by the French and the Dutch in a spirit of neighborly cooperation and mutual friendship for almost 350 years. St. Maarten's Dutch side is known for its festive nightlife, beaches, jewelry, exotic drinks, and plentiful casinos. The island's French side is known for its outdoor markets and rich French and Indian Caribbean cuisine. **Voted as one of the top 10 'Best Islands in the World' by USNEWS.COM in 2017**, St. Maarten is the island where you want to be.

The Westin Dawn Beach Resort & Spa is located on one of the most beautiful beaches on the **Dutch side of the island**. While relaxing in this paradise, you can shop to your heart's content in the variety of boutiques and well-known shops in **nearby Philipsburg** (the shopping here is equal to or better than St. Thomas); explore the extraordinary local beaches on the island; pamper yourself in the Hibiscus spa; roll the dice and try your luck at the casino; or, discover St. Maarten's best scuba diving spots.

Philipsburg, St. Maarten's capital, is approximately three miles from our conference resort and offers the combination of historical legacy with 20th century excitement. Visitors will find examples of the beautiful, traditional West Indian architecture, endless shops and restaurants, as well as casinos and local nightlife fun!

Whatever your pleasure, you'll be sure to find it in St. Maarten, at our **22nd Annual Winter Conference on Clinical Issues in OB/GYN**.

For our complete calendar of conferences, please visit www.symposiamedicus.org. Brochures are available 6-8 months prior to the conference.
