CONFERENCE DESCRIPTION

Our conference on **Challenges in Mental Healthcare for the Primary Care Provider** is designed to provide practical, evidence-based care tips for treating the primary care patient with challenging psychiatric and psychosocial problems. The course has been designed for physicians, certified nurse midwives, nurse practitioners, PAs, nurses, and other healthcare professionals who care for patients of all ages. The goal of this conference is to increase knowledge and enhance the competence of attendees, emphasizing the practical application of evidence-based behavioral care.

Topics for this year's conference have been selected based on the educational needs determined from identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

The conference format de-emphasizes the traditional lecture format in favor of team-based learning guided by a team of highly experienced, university-based teaching psychiatrists who have spent their entire careers working in primary care settings and training. Within the larger group, you will be working in a small team of colleagues evaluating, managing, and practicing practical office-friendly skills for increasing your competence and satisfaction in the management of challenging patients.

You are sure to enjoy our conference on **Challenges in Mental Healthcare for the Primary Care Provider** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of California's Napa Valley.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Outline an enhanced approach to the biopsychosocial care of patients
- Discuss the practical management of challenging patients with and without multiple somatic complaints
- Describe the management of mood, anxiety, and chronic pain disorders
- Articulate the practical management of cognitive and emotional disorders in the elderly
- Discuss options for the management of substance abuse
- Outline the practical management of behavioral issues in children and adolescents
- Display developing management of emergency interventions, office psychotherapy, and lifecycle issues in women

CONFERENCE LOCATION

California's wine country offers scenic countrysides, great wines, and superb restaurants. **With over 450 wineries offering a variety of wines for all tastes, it's no wonder that the Napa Valley is considered the heart of the American wine industry.** Located approximately 60 miles north of San Francisco, there is much more to Napa than just its grapes! **Enjoy hot-air ballooning, horseback riding, mountain biking, or challenging golf.** Find incredible discounts on your favorite brand-names at the Napa Premium Outlets or visit Old Town for more unique shopping. Visit the recently restored Napa Valley Opera House for headliners from Jazz to Country music. It might be wine that comes to mind when thinking of the Napa Valley, but with world-renowned restaurants, such as *The French Laundry, Bottega, and Morimoto*, it's the food that will keep you occupied while there.

With so much to do, you'll find that fine wine is only a part of this abundant valley. If the Napa Valley isn't enough to keep your interest, San Francisco, with Fisherman's Wharf, Chinatown, and famous cable cars, is just an hour away; or the kid inside you will love the excitement of Six Flags Amusement Park located just 20 minutes away, or Safari West wildlife preserve just 45 minutes away.

The **Napa Valley Marriott Hotel & Spa** combines modern convenience with traditional comfort. Exercise at the state-of-the-art fitness center, or enjoy "The Spa," one of the best full-service spas in the Napa Valley. If you are looking for a refreshing escape – just head over to the hotel's all new resort-style pool and courtyard. They'll provide the towels, sunscreen, lounge chairs and umbrellas– all you have to do is relax and enjoy every moment. Sip on specialty cocktails or your favorite Napa Valley wines complemented by creative small bites from VINEleven's innovative kitchen, the hotel's indoor/outdoor restaurant and bar. Start the day with morning yoga sessions on the pool deck, or just unwind with a cocktail on the pool patio under a gorgeous California sunset after a long day spent touring vineyards or teeing off on Napa's famous golf courses.

Whatever your pleasure, you'll be sure to find it in Napa, at our conference on **Challenges in Mental Healthcare for the Primary Care Provider.**
