CONFERENCE DESCRIPTION

Our **25th Annual Fall Conference on Challenges in Taking Care of the High Risk Pregnancy** is designed for physicians, certified nurse midwives, nurse practitioners, PAs, nurses, and other healthcare professionals who face challenges in the care of the high risk pregnant patient. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **25th Annual Fall Conference on Challenges in Taking Care of the High Risk Pregnancy** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of southern Florida.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Review the challenges in caring for the obese gravida
- Develop a plan for the pregnant patient with substance use disorder during the antepartum, intrapartum, and postpartum periods
- Describe the spectrum of congenital infections with maternal and fetal risk
- Discuss best practice recommendations in medically indicated labor induction
- Recognize the causes and consequences of gestational diabetes for pregnant women and their newborns
- Address appropriate changes in treatment for the patient with advanced maternal age

ATTENDEE REQUIREMENTS

At the conclusion of attending this conference, participants are entitled to a certificate of credit which will be available online. Successful completion of this activity is determined by attending the live activity, review of the educational session materials, and submission of the case study test, evaluations, and attendance verification form. Each participant should only claim credit commensurate with the extent of their participation in the activity.

CONFERENCE LOCATION

Naples is graced with miles of white-sand beaches, beautiful weather, sumptuous restaurants, fine shopping, and entertainment. The Naples Pier, first erected in 1888, is the city's symbol and a popular fishing and dolphin-spotting destination.

The **Naples Beach Hotel & Golf Club** promises you an experience you'll always remember. Try kayaking or paddle boarding, or just take a walk along the white-sand beach and enjoy a short siesta in a cozy beach chair. **Take a dip at Poolside, a multi-pool complex, just steps from the sand.** The large recreational pool is perfect for play and exercise, while the smaller, more secluded, adult-only pool is just right for relaxing. The complex also includes two whirlpools and Poolside's bar and grill, which serves cool drinks, spirits, and light fare overlooking the pools and the beach.

Enjoy the sun by getting in **a game at the tennis courts or golf course.** With more than 80 championship golf courses in the Naples area, Naples is the self-titled "Golf Capital of the World", claiming to have more holes per capita than any other community.

Just a short drive away is **Everglades National Park**, the largest subtropical wilderness in the United States – a place where you can tour the park with a ranger, photograph birds, take an afternoon hike, spot alligators basking in the sun, or ride an airboat through the marshes.

Whatever your pleasure, you'll be sure to find it in Naples, Florida, at our **25th Annual Fall Conference on Challenges in Taking Care of the High Risk Pregnancy.**
