CONFERENCE DESCRIPTION

Our **26th Annual Summer Conference on Obstetrics and Gynecology** has been designed for physicians, certified nurse midwives, nurse practitioners, PAs, nurses, and other healthcare professionals who face ever-increasing challenges in the clinical diagnoses, treatment options, and new technologies involved in caring for the female patient. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **26th Annual Summer Conference on Obstetrics and Gynecology** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of Lake Tahoe, California.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- List factors which impact successful pessary fitting for prolapse including stage, genital hiatus, uterus, etc.
- Prioritize intrauterine fetal supportive interventions that accompany abnormal fetal heart rate and maternal hemodynamic instability
- Screen and diagnose patients for breast cancer
- Counsel patients regarding common teratogens in pregnancy
- Develop a multidisciplinary plan of care for patients with pulmonary hypertension

ATTENDEE REQUIREMENTS

At the conclusion of attending this conference, participants are entitled to a certificate of credit which will be available online. Successful completion of this activity is determined by attending the live activity, review of the educational session materials, and submission of the case studies test, surveys, and attendance verification form. Each participant should only claim credit commensurate with the extent of their participation in the activity.
