CONFERENCE DESCRIPTION

Our 20th Annual Summer Conference on Women's Health is designed to provide the most current clinical information about the care of the female patient to OB/GYNs, family physicians, nurse midwives, nurse practitioners, PAs, nurses and all other healthcare professionals involved with the care of women. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our 20th Annual Summer Conference on Women's Health while sharing ideas and experiences with colleagues from across the country in the beautiful setting of Big Sky.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- Recognize and evaluate potentially dangerous skin diseases and initiate treatment
- Recommend current treatment options for uterine fibroids
- Design a pain management plan for female patients with breast or ovarian cancers
- Explain the relationship between stripped carbohydrates and insulin surges
- Describe potential short term and long term risks of hormone therapy

ATTENDEE REQUIREMENTS

At the conclusion of attending this conference, participants are entitled to a certificate of credit which will be available online. Successful completion of this activity is determined by attending the live activity, review of the educational session materials, and submission of the case studies test, surveys, and attendance verification form. CONFERENCE LOCATION

The setting for our conference is the beautiful **Big Sky Resort**, nestled in the majestic Northwestern Rockies, just an hour's drive from Bozeman, Montana.

Big Sky is host to a multitude of summer activities. Take a scenic chair-lift ride up Lone Mountain and experience wonderful **hiking and mountain biking**, enjoy an invigorating horseback ride, or take to the rivers for incredible **fly fishing and whitewater rafting**. Big Sky also offers an **18-hole golf course**, as well as a number of tennis courts, all offering spectacular views of the surrounding mountains.

The resort's close proximity to **Yellowstone National Park** (the northwest border of the park is just 18 miles away) is yet another element of Big Sky's appeal. Plan to spend time in Yellowstone observing the nation's most impressive geysers and hot springs, including "**Old Faithful**" geyser, and be awestruck by the ever-present wildlife and majestic scenery in our country's first established National Park.

Big Sky Resort is a self-contained village with **many restaurants** from which to choose, as well as **live evening entertainment and dancing**. The resort has a **giant heated indoor/outdoor swimming pool, full spa, and whirlpools** to help soothe those aching muscles at the end of a busy day. A full range of shops are available in and around Big Sky Resort offering everything from hiking supplies to fine art.

Whatever your pleasure, you'll be sure to find it in Big Sky, at our **20th Annual Summer Conference on Women's Health**.

For our complete calendar of conferences, please visit www.symposiamedicus.org. Brochures are available 6-8 months prior to the conference.
