CONFERENCE DESCRIPTION

Emergency and Urgent Care medicine involves the delivery of immediate medical care for the treatment of acute and chronic illness and injury. Practitioners providing emergency and urgent care need to be proficient in evaluating and caring for patients presenting with a broad range of acute medical problems.

Our **Summer Conference on Acute Care of the Critically Ill Patient** is designed to provide emergency physicians, nurses, nurse practitioners, PAs, as well as out-of-hospital providers with an extensive scope of knowledge and expertise in the evaluation and treatment of acute medical conditions. The goal of this conference is to increase knowledge and enhance the competence of attendees. Emphasis will be placed on practical application of the evidence-based topics presented.

Topics for this year's conference have been selected based on the educational needs determined from the identified professional practice gaps. The gaps were derived from a variety of sources including evaluations and outcomes data from past participants; clinical expert input; Symposia Medicus' online survey; and other medical and nursing data.

Conference format will include didactic lectures, smaller group breakout and interactive sessions, case studies, and question and answer sessions.

An outstanding faculty has been assembled for this conference. Each member was selected based on their individual area of expertise and ability to communicate current, evidence-based, and practical information to participants.

You are sure to enjoy our **Summer Conference on Acute Care of the Critically Ill Patient** while sharing ideas and experiences with colleagues from across the country in the beautiful setting of Big Sky, Montana.

CONFERENCE OBJECTIVES

As a result of participating in this conference, you should have increased knowledge and enhanced competence to...

- List current AHA recommendations for neonatal and pediatric resuscitation
- Identify the two types of respiratory failure
- Describe the clinically relevant physiology of compartment syndrome
- Identify which patient populations are at high risk for misdiagnoses of acute coronary syndromes (ACS)
- Develop methods that you can use to rationally prescribe analgesics for those in pain while limiting the risk for abuse, misuse, and diversion

ATTENDEE REQUIREMENTS

At the conclusion of attending this conference, participants are entitled to a certificate of credit which will be available online. Successful completion of this activity is determined by attending the live activity, review of the educational session materials, and submission of the case studies test, surveys, and attendance verification form. Each participant should only claim credit commensurate with the extent of their participation in the activity.

ACCREDITATION

This educational activity was planned and produced in accordance with the **ACCME** and **ANCC** Essentials and Standards relating to continuing medical and nursing education.

CONFERENCE LOCATION

The setting for our conference is the beautiful **Big Sky Resort**, nestled in the majestic Northwestern Rockies, just an hour's drive from Bozeman, Montana.

Big Sky is host to a multitude of summer activities. Take a scenic chair-lift ride up Lone Mountain and experience wonderful **hiking and mountain biking**, enjoy an invigorating horseback ride, or take to the rivers for incredible **fly fishing and whitewater rafting**. Big Sky also offers an **18-hole golf course**, as well as a number of tennis courts, all offering spectacular views of the surrounding mountains.

The resort's close proximity to **Yellowstone National Park** (the northwest border of the park is just 18 miles away) is yet another element of Big Sky's appeal. Plan to spend time in Yellowstone observing the nation's most impressive geysers and hot springs, including "**Old Faithful**" **geyser**, and be awestruck by the ever-present wildlife and majestic scenery in our country's first established National Park.

Big Sky Resort is a self-contained village with **many restaurants** from which to choose, as well as **live evening entertainment and dancing**. The resort has a **giant heated indoor/outdoor swimming pool, full spa, and whirlpools** to help soothe those aching muscles at the end of a busy day. A full range of shops are available in and around Big Sky Resort offering everything from hiking supplies to fine art.

Whatever your pleasure, you'll be sure to find it in Big Sky, at our **Summer Conference on Acute Care of the Critically Ill Patient**.

For our complete calendar of conferences, please visit www.symposiamedicus.org. Brochures are available 6-8 months prior to the conference.
